

## ROHS2 CERTIFICATE OF COMPLIANCE

This document certifies that GWP products, EV related Chargers, Power Supplies and DC-DC Converters, are in compliance with the E.U. Directive 2011/65/EU Restriction of Hazardous Substances (RoHS Directives). The EV related Chargers, Power Supplies and DC/DC converter(s) mentioned above are deemed to be compliant in accordance with the maximum concentration values issued by the European Union as shown below:

<b>Prohibited Substances</b>	<b>Maximum Permitted Concentration</b>
<b>Cadmium</b>	<b>&lt; 100 ppm</b>
<b>Lead</b>	<b>&lt; 1000 ppm</b>
<b>Mercury</b>	<b>&lt; 1000 ppm</b>
<b>Hexavalent Chromium</b>	<b>&lt; 1000 ppm</b>
<b>Polybrominated Biphenyls (PBB)</b>	<b>&lt; 1000 ppm</b>
<b>Polybrominated Diphenyl Ether (PDBE)</b>	<b>&lt; 1000 ppm</b>

This declaration is based on available sources from raw material suppliers or quantitative analytical data, where available. Prescribed components are not knowingly present in the supplied raw materials, except as adventitious trace impurities, nor are they added intentionally to the formulation of the above products.

Issuer: Green Watt Power (a division of Calnex Mfg. Co., Inc.)  
Address: 2401 Stanwell Drive, Concord, California 94520, USA
