

RoHS2 CERTIFICATE OF COMPLIANCE

This document certifies that Calex Converters ordered and processed with suffix “(RoHS)” as part of the identifying part number are in compliance with the RoHS2 Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (recast). The DC/DC converter(s) mentioned above are deemed to be compliant in accordance with the maximum concentration values issued by the European Union as shown below:

Substance	Maximum Concentration Value
Lead (Pb)	< 0.1%
Mercury (Hg)	< 0.1%
Hexavalent Chromium (Cr6+)	< 0.1%
Poly Brominated Biphenyls (PBB)	< 0.1%
Poly Brominated Diphenyl (PBDE)	< 0.1%
Cadmium (Cd)	< 0.01%

This declaration is based on available sources from raw material suppliers or quantitative analytical data, where available. Prescribed components are not knowingly present in the supplied raw materials, except as adventitious trace impurities, nor are they added intentionally to the formulation of the above products.

The model number for Calex DC/DC Converters as displayed on the label and website/catalog will not change. The packing slip, however, will identify the part with the suffix “(RoHS)” after the model number. The label for RoHS compliant units will also display the following symbol:

Issuer: Calex Mfg. Co., Inc

Address: 2401 Stanwell Drive, Concord, California 94520, USA

Authorized signatory for Calex Mfg. Co., Inc.:

Raunaq Bhushan

Quality Assurance Manager

Date: August 9, 2016
